

Secretary's Report

2024-2025

The 53rd Management Committee Meeting and the 58th Council Meeting was held on Thursday, 20th June 2024, at Hotel WICC, Lawickse Allee 9, 6701 AN Wageningen, the Netherlands.

In the time period covered by the report eight full scale collaborative studies and one small scale study were initiated. The results will be presented on the technical meeting in Galway.

Reports of seven full scale collaborative trials, seven small scale trials, one method extension and a revision of MT method were presented.

The status of four provisional methods was changed to full CIPAC method. Ten methods were accepted as provisional CIPAC methods, one method for identity and one for relevant impurities were adopted.

Three colleagues were elected as correspondent members and five colleagues as full CIPAC members. four colleagues resigned from the CIPAC membership. Two colleagues were elected as honorary life members after their resignation from the membership. Mrs Helen Karasali was elected as the new chair of CIPAC.

The CIPAC web site has been renewed and continuously updated with the available new information, including errata, announcements of new trials, new pre-published methods, information concerning the next meeting.

Handbook Q was published in 2024. The accepted provisional methods are available as pre-published methods on the CIPAC website.
