

STATUS REPORT

13/06/2005

0013 Chlordane

Allocated to AOAC

CIPAC methods published in :

CIPAC 1, p. 203 (titr.)
1A, p. 1119 (rev.)

CIPAC 15th meeting, October 1971 in Washington

Information Sheet n° 23, recently issued.

CIPAC 16th meeting, June 1972 in Stockholm/Lyngby

Mr. M.A. Malina (Velsicol Chem. Corp.) presented a status of the methods for colour spectrum, colour and hexachlorocyclopentadiene content. He presented the documents 1834 on methods for completing the CIPAC Handbook and 1840 on a AOAC collaborative study of methods for AG-Chlordane. No decision had been taken.

CIPAC 17th meeting, June 1973 in Wageningen

Methods for colour spectrum (AOAC method 60), for colour (ATSM.D.1544 - 68) and hexachlorocyclopentadiene (AOAC method 61) supported by 1834.R, to be included in 1A.

CIPAC 17th meeting, June 1974 in London
