

# CIPAC STATUS REPORT

27/06/2005

## 0037 Azinphosmethyl

---

Allocated to D

CIPAC methods published in :

CIPAC 1, p. 24 (col.)  
1C, p. 1970 (IR)  
E, p. 12

**CIPAC** 16th meeting, June 1972 in Stockholm

Decision The provisional methods published in CIPAC Vol. 1 are promoted as full CIPAC methods.

**CIPAC** 19th meeting, June 1975 in Oeiras

Method in CIPAC 1 needs reconsideration; TLC method (2276) accepted as draft.

**CIPAC** 24th meeting, May 1980 in Salobrena

The IR spectrometric method 6. A05A08 for water dispersible powders and emulsifiable liquid formulations was adopted as provisional AOACCIPAC method.

**CIPAC** 33rd meeting, May 1989 in Lagonissi

Decision The HPLC method for azinphosmethyl formulations, JAOAC 71 988990, 1988, was adopted as provisional AOACCIPAC method.
