

CIPAC

COLLABORATIVE INTERNATIONAL PESTICIDES ANALYTICAL COUNCIL LIMITED
Commission Internationale des Méthodes d'Analyse des Pesticides (CIMAP)

Document index

- 4265/P Summary of the decisions of the 45th meeting, Bangkok, Thailand
4266/P Minutes of the 45th meeting, Bangkok, Thailand
4267/R Malathion, report of collaborative trial - Cheminova
4268/m Malathion, capillary GC-method, Cheminova
4269/m Esfenvalerate, GC&LC methods Sumitomo/Furuta
4270/R Esfenvalerate, report of full trial Sumitomo/Furuta
4271/m d-Phenothrin, GC method Sumitomo/Furuta
4272/R d-Phenothrin, report pilot study Sumitomo/Furuta
4273/m Prallethrin, GC method Sumitomo/Furuta
4274/R Prallethrin, report pilot study Sumitomo/Furuta
4275/m d-Allethrin, GC method Sumitomo/Furuta
4276/R d-Allethrin, report pilot study Sumitomo/Furuta
4277/R JAPAC report
4278/m MT 187 Particle Size Analysis by Laser Diffraction DAPF/ Parg/Krohl
4279/R Report MT 187 Particle Size Analysis by Laser Diffraction
4280/m MT178.2 Attrition Resistance of Water Dispersible Granules DAPF/Menschel
4281/R MT 178 Results of collaborative test DAPF/Menschel
4282/R Proposals of the PAC Belgium
4283/m Tribenuron-methyl HPLC method DuPont
4284/R Tribenuron-methyl report full study DuPont
4285/P Agenda of the of the 46th meeting Rome 2002
4286/m Cycloxydim HPLC-method Genari BASF
4287/R Cycloxydim HPLC report full study Genari BASF
4288/P Secretary's Report 2002
4289/m Free ai and release properties of microencaps. lambda-Cyhalothrin Seymour Syngenta UK
4290/R Free ai and release properties of microencaps. lambda-Cyhalothrin Seymour Syngenta UK small scale study
4291/m Transfluthrin GC method full study Bayer
4292/R Transfluthrin GC method report full study Bayer
4293/m Icaridin GC method full study Bayer
4294/R Icaridin GC method report full study Bayer
4295/R Swiss Progress Report
4296/R AOAC GR Report, Pesticide Formulations: CIPAC Methods
4297/R AOAC Methods Committee Report, Committee on Pesticide and Disinfectant Formulations
4298/R German Progress Report DAPA/DAPF
4299/R South African Progress Report
4301/R Brazilian progress report
4302/R Portuguese progress report
4302/R Dutch progress report
4303/R Romanian progress report
4304/R Slovenian progress report
4305/R Taiwanese progress report
4306/R Chinese progress report
4307/R Cyprian progress report
4308/R El Salvadorian progress report

4309/R Czech Progress Report

4310/m Free" parathion-methyl in CS formulations by HPLC Pilot Study DAPA/E. Sorensen

4311/R Free" parathion-methyl in CS by HPLC by HPLC Pilot Study DAPA/E. Sorensen

4312/P Summary of the decisions of the 46th meeting, Rome, Italy, 2002

4313/P Minutes of the 46th meeting, Rome, Italy, 2002

4314/P Agenda of the 47th meeting, Bukarest, 2003

4315/R Methods for Measuring "Free AI" and "Release Properties" in Lambda Cyhalothrin CS Formulations for Public Health Applications'-PAC-UK

4316/m Method for Measuring "Free AI" and "Release Properties" in Lambda Cyhalothrin CS Formulations

4317/P Secretary's report 2003

4318/m Determination of Free Parathion-Methyl in capsule Suspensions by HPLC-Sorensen

4319/R Determination of Free Parathion-Methyl in capsule Suspensions-Cheminova

4320/m Acetamiprid HPLC method Nippon Soda- Hiroyuki Muro

4321/R Acetamiprid HPLC method small scale study JAPAC

4322/m Dinotefuran method Mitsui Chemicals-Takako Kumeta

4323/R Dinotefuran Small Scale Collaborative Study by JAPAC

4324/m Flufenzin (SZI-121) HPLC method-AgroChemie-Á. Hegedüs

4325/R Flufenzin (SZI-121) HPLC method full scale study-AgroChemie

4326/m d-Allethrin, analytical method -Ritsuko Furuta

4327/R d-Allethrin, bioallethrin, S-bioallethrin and esbiothrin, report of CIPAC collaborative study Ritsuko Furuta

4328/m Bioallethrin, analytical method Ritsuko Furuta

4329/R d-Allethrin, bioallethrin and esbiothrin, report of validation for mosquito coils and vaporizing mats Ritsuko Furuta

4330/m Esbiothrin, analytical method Ritsuko Furuta

4331/m S-Bioallethrin, analytical method Ritsuko Furuta

4332/R Imidacloprid HPLC method extension Tilmann Werner

4333/m Transfluthrin, Stereospecific Identity Tests Bayer AG Tilmann Werner

4334/m Phosphamidon and imidacloprid by HPLC-PM Jadhav

4335/R Glyphosate titration method –IPESA – H. di Loreto

4336/R About Acidity/Alcalinity (MT31) –R.Grohs

4337/R South African progress report

4338/R Dutch progress report

4339/R Romanian progress report

4340/R German progress report

4341/R Japanese progress report

4342/R Swiss progress report

4343/R IUPAC report

4344/R Portuguese progress report

4345/R Cypriot progress report

4346/R Australian progress report

4347/R Slovene progress report

4348/R Danish progress report

4349/R AOAC report of Committee on Pesticide and Disinfectant Formulations

4350/R Italian progress report

4351/R Taiwanese progress report

4352/R Fenoxaprop-P-ethyl – determination of enantiomeric purity

4353/R Ukrainian progress report

4354/P Summary of the decisions of the 47th meeting, Bucharest, Romania, 2003

4355/P Minutes of the 47th meeting, Bucharest, Romania, 2003

4356/P Agenda of the 48th meeting, Brno, 2004

4357/m Novaluron HPLC method – Makhteshim – U. Habusha

4358/R Novaluron HPLC method – Collaborative trial – Makhteshim
 4359/m Picloram HPLC method - Dow AgroSciences – J. Dawson
 4360/R Picloram HPLC method – Pilot trial - Dow AgroSciences
 4361/m *d*-phenothrin - analytical method JAPAC/Sumitomo – R. Furuta
 4362/R *d*-phenothrin - report of CIPAC collaborative study JAPAC/Sumitomo
 4363/m prallethrin analytical method JAPAC/Sumitomo – R. Furuta
 4364/R prallethrin report of CIPAC collaborative study JAPAC/Sumitomo
 4365/m deltamethrin DAPA/Bayer CropScience – M. Feyerabend
 4366/R deltamethrin Collaborative trial DAPA/Bayer CropScience
 4367/m acetamiprid(1) JAPAC/Nippon Soda - -H. Muro
 4368/R acetamiprid(1) Collaborative trial JAPAC/Nippon Soda
 4369/m acetamiprid(2) JAPAC/Nippon Soda – H. Muro
 4370/R acetamiprid(2) Collaborative trial JAPAC/Nippon Soda
 4371/m dinotefuran JAPAC/Mitsui Chemicals T. Kumeta
 4372/R dinotefuran Collaborative trial JAPAC/Mitsui Chemicals
 4373/m azimsulfuron HPLC method DuPont L. Jin
 4374/R azimsulfuron HPLC method Collaborative trial DuPont
 4375/m fenthion DAPA/Bayer CropScience – T. Werner
 4376/R fenthion Collaborative trial DAPA/Bayer CropScience
 4377/m Method for determination of the impurities hexachlorobenzene and decachlorobiphenyl
 in chlorothalonil technical material and formulations by GC/MS - M. Rodler
 4378/R Peer validation of the method for determination of the impurities hexachlorobenzene
 and decachlorobiphenyl in chlorothalonil technical material and formulations by
 GC/MS
 4379/m *d,d*-trans-Cyphenothrin, method R. Furuta
 4380/R *d,d*-trans-Cyphenothrin, report of small scale collaborative study – R. Furuta
 4381/R Czech progress report
 4382/R JAPAC progress report
 4383/R South African progress report
 4384/R Danish progress report
 4385/P Secretary's report 2003-2004
 4386/m Azadirachtin A -Trifolio-M –B. Ruch
 4387/R Azadirachtin A in Neemazal TC and Neemazal-T/S- pilot study -Trifolio-M
 4386/R Peer validation of the analysis of aflatoxins in Neemazal technical and Neemazal-T/S
 4387/R Chinese progress report
 4388/R Migration of CIPAC Methods- Draft guideline- M. Müller
 4389/m Fenoxaprop, stereospecific identity test -Bayer CropScience - M.Feyerabend
 4390/m Fenhexamid, method- T. Werner
 4391/R Fenhexamid, small scale collaborative study- Bayer CropScience
 4392/R German progress report
 4393/R Proposed modifications for the determination of prometryn, simetryn and ametryn –A.
 Ramesh
 4394/m Pyraclostrobin – R. Eisert
 4395/R Pyraclostrobin- DAPF/BASF small scale study
 4396/m Acidity or Alkalinity of Formulations – DAPF –R. Grohs
 4397/m Viscosity of Liquids by Rotational Viscometry – R. Grohs
 4398/R Viscosity of Liquids by Rotational Viscometry – DAPF collaborative trial
 4399/m Friability of Tablets – R. Grohs
 4400/R Friability of Tablets - DAPF collaborative trial
 4401/R USA progress report
 4402/R Slovakian progress report
 4403/R Romanian progress report
 4404/R Dutch progress report

4405/R Slovenian progress report
4406/R CIPAC General Referee Report- A. Hanks
4407/R AOAC Committee on Pesticides and Disinfectants Report – A. Hanks
4408/R Cyprus progress report
4409/R Ethofumesate method extension – T. Werner
4410/R IUPAC report – D. Hamilton
4411/m Spinosad method – L. Ghaoui
4412/R Spinosad pilot trial-PAK-UK
4413/R UK progress report
4414/R Taiwan progress report
4415/R Greek progress report
4416/R Hungarian progress report
4417/R Argentinian progress report
4418/R Iprodione-method extension-J. P. Bascou
4419/R Definition of TC and TK –A. Hill
4420/R Salvadorian progress report
4421/R Ukrainian progress report
4422/R Spanish progress report
4423/R Thaiandese progress report
4424/P Minutes of the 48th meeting, Brno, Czech Republic, 2004
4425/P Summary of the decisions of the 48th meeting, Brno, Czech Republic, 2004
4426/P Agenda of the 49th meeting, Utrecht, 2005
4427/m Methoprene – GC method –E. Szabó
4428/R Methoprene –full scale study-BabolnaBio
4429/m AzadirachtinA –HPLC method –B. Ruch
4430/R AzadirachtinA in Neemazal TC and Neemazal-T/S- full scale study -Trifolio-M
4431/m *d,d-trans*-cyphenothrin – method – Y. Asada
4432/R *d,d-trans*-cyphenothrin – full scale study - Sumitomo
4433/m pyriproxyfen– method – Y. Asada
4434/R pyriproxyfen – small scale study - Sumitomo
4435/m prallethrin – method (identity test) –R. Furuta
4436/m permethrin - method –R. Furuta
4437/R permethrin - small scale study - Sumitomo
4438/R permethrin –report of validation for surface concentration and release index – R. Furuta
4439/R permethrin – small scale study for release index- Sumitomo
4440/R Japan national report - Y. Asada
4441/P Secretary's report 2004-2005
4442/R Hungarian national report
4443/m nicosulfuron - HPLC method – R.A. Simmons
4444/R nicosulfuron – full scale study - DuPont
4445/m rimsulfuron - HPLC method – L. Jin
4446/R rimsulfuron - full scale study - DuPont
4447/m fenhexamid – HPLC method – T. Werner
4448/R fenhexamid – full scale study –Bayer CropScience
4449/m pendimethalin – GC method –C.M. Corradini
4450/R pendimethalin – small scale study – I.Pi.Ci.
4451/m picloram –method – D. Heim
4452/R picloram – full scale study -Dow AgroSciences
4453/m pyraclostrobin –method – R. Eisert
4454/R pyraclostrobin - full scale study - BASF
4455/R deltamethrin – method extension – M. Feyerabend - Bayer CropScience
4456/m spinosad – HPLC method - - D. Heim
4457/R spinosad – full scale study - Dow AgroSciences

4458/m dodine –HPLC method – C. Corman
4459/R dodine –small scale study –Chimac-Agriphar
4460/R allocation of CIPAC numbers – R. Hänel
4461/R diflubenzuron – method extension- H.L.A. Pijst - FMC
4462/R Germany –National report- G. Menschel
4463/R German- Swiss progress report- G. Menschel
4464/R Czech report –J. Foltyn
4465/R IUPAC report- D. Hamilton
4466/R Romanian report- T. Iurascu
4467/R deltamethrin – method extention to LN –R. Fleuren -Vestergaard Frandsen A/S
4468/R Review process of CIPAC methods – M.D. Müller
4469/R CIPAC methods for the impurities - M.D. Müller
4470/R USA report A.R. Hanks
4471/R Australian report – C. Cook
4472/R Swiss report – B. Patrian
4473/R Cyprus report – A. Kouppari
4474/R Danish report – T. Krongaard
4475/R Belgian report – A. Dubois
4476/R Slovakian report – J. Schlosserova
4477/R Portuguese report – F. Pedrosa
4478/R Salvadorian report – E. De Aguila
4479/R Argentinian report – V. Bianchi
4480/R Austrian report – J. Kohl
4481/R South African report – S. Marais
4482/R Dutch report – E. Van der Waal
4483/R Slovenian report – A. Gregorcic
4484/R Spanish report – L. Manso
4485/R UK report – R. Fussell
4486/R Chinese report – J. Ying
4487/R Greek report – A. Hourdakis
4488/R Ukrainian report – V. Chmil
4489/R IR 3535 – DAPA collaborative trial – Jens Schewitz - Merck
4490/R Tablet characterisation – R. Grohs
4491/P Minutes of the 49th meeting, Utrecht, the Netherlands, 2005
4492/P Summary of the decisions of the 49th meeting, Utrecht, the Netherlands, 2005
4493/P Agenda of the 50th meeting, Genève, 2006
4494/m oxamyl - HPLC method – Q. Wu
4495/R oxamyl - full scale study - DuPont
4496/P Secretary's report 2005-2006
4497/m deltamethrin - wash resistance of LLN – R. Fleuren
4498/R deltamethrin – full scale study - Vestergaard Frandsen
4499/m clodinafop-propargyl – HPLC method –S. de Benedictis
4500/R clodinafop-propargyl – full scale study - Syngenta
4501/m pyriproxyfen -method- Y. Asada
4502/R pyriproxyfen -full scale study-Sumitomo
4503/m permethrin -method- Y. Asada
4504/R permethrin -full scale study- Sumitomo
4505/R Japan national report
4506/m flufenoxuron – method –J. Fries
4507/R flufenoxuron -full scale study-BASF
4508/R alpha-cypermethrin – method extension- J. Fries - BASF
4509/m pendimethalin – method- A. Pastorio
4510/R pendimethalin-full scale study- I.Pi.Ci.

4511/R spinosad - method extension to DT- D. Heim – Dow AgroSciences
4512/R Argentina –national report
4513/R Method revision – L. Bura
4514/R Replacement of old methods –T. Iurascu
4515/R Slovenia – national report
4516/R AOAC report –A.W. Burns
4517/R the Netherlands – national report
4518/R Czech Republic– national report
4519/R Cyprus - national report
4520/m carbaryl -method –T. Werner
4521/R carbaryl -full scale study –Bayer CropScience
4522/R fenthion -method extension to UL and DP - T. Werner - Bayer CropScience
4523/R permethrin- method extension to Combi-Formulation - T. Werner - Bayer CropScience
4524/m fenoxaprop P - enantiospecific method – M. Feyerabend
4525/R fenoxaprop P – peer validation of enantiospecific method - Bayer CropScience
4526/R deltamethrin - repeatability study for tablets - M. Feyerabend - Bayer CropScience
4527/R Germany – national report
4528/R UK – national report
4529/R Hungarian - national report
4530/R Romanian - national report
4531/R Greek – national report
4532/R DAPA report
4533/R Slovakia
4534/R El Salvador
4535/R Denmark
4536/R Thailand
4537/R Switzerland
4538/R Belgium
4539/R Viscosity –DAPA
4540/R Ukrainian national report
4541/R China – national report
4542/R South africa – national report
4543/R Spain - national report
4544/P Minutes of the 50th meeting, Geneva, Switzerland, 2006
4545/P Summary of the decisions of the 50th meeting, Geneva, Switzerland, 2006
4546/P Agenda of the 51st meeting, Umhlanga Rocks, South Africa, 2007
4547/R fenitrothion – peer validation of S-methyl fenitrothion in TC and formulations-Sumitomo
4548/m d,d-trans-cyphenothrin –method- Y. Asada
4549/R Japanese national report
4550/m thiacloprid- HPLC method - M. Feyerabend
4551/R thiacloprid- full scale study- Bayer CropScience
4552/R fenoxaprop P ethyl - method extension to EC and OD– M. Feyerabend- BCS
4553/R fenoxaprop P ethyl – identity test extension to OD - M. Feyerabend - BCS
4554/R piperonyl butoxide -method extension to EW - T. Werner - Bayer CropScience
4555/R Slovenian national report
4556/R Czech national report
4557/m azoxystrobin - GLC method-M. Rodler
4558/R azoxystrobin-full scale trial-Syngenta
4559/m cyromazine - HPLC method- M. Rodler
4560/R cyromazine-full scale trial-Syngenta
4561/m lufenuron- HPLC method- M. Rodler
4562/R lufenuron-full scale trial-Syngenta
4563/m dodine- HPLC method-C. Corman

4564/R dodine-full scale trial-Agriphar
4565/m prochloraz- HPLC method-W. Mayer
4566/R prochloraz-full scale trial- Makhteshim
4567/R Work flow for integration of LNs into related CIPAC methods –M. Müller
4568/m alfa-cypermethrin- method– J. F. Wittmann
4569/R alfa-cypermethrin- method extension- Clariant
4570/m haloxyfop-P-methyl- method –J. Dawson
4571/R haloxyfop-P-methyl –pilot scale study – Dow AgroSciences
4572/m boscalid –method –J. Fries
4573/R boscalid - pilot scale study - BASF
4574/R Romanian national report
4575/R Danish national report
4576/R Dutch national report
4577/R Spanish national report
4578/R German national report
4579/R German national monitoring report
4580/m Adhesion to seeds- method-M. Rodler
4581/R Irish national report
4582/R Belgian national report
4583/R Hungarian national report
4584/R Greek national report
4585/R South African national report
4586/R Ukrainian national report
4587/R Slovak national report
4588/R Proposal for proficiency testing – L. Bura
4589/R Argentina national report
4590/R French national report
4591/R El Salvador national report
4592/R Swiss national report
4593/R Thailand national report
4594/R UK national report
4595/R China PR national report
4596/R Determination of terpyridines in diquat, paraquat and their formulations- M Rodler
4597/R mefenpyr-diethyl small scale study - M Feyerabend
4598/P Summary of the decisions of the 51st meeting, Umhlanga Rocks, South Africa, 2007
4599/P Minutes of the 51st meeting, Umhlanga Rocks, South Africa, 2007
4600/P Agenda of the 52nd meeting, Braunschweig, Germany, 2008
4601/P Secretary's report 2007-2008
4602/m fenitrothion - method- Y. Asada
4603/R fenitrothion -full scale study- Sumitomo
4604/m clothianidin- method- Y. Asada
4605/R clothianidin-small scale study- Sumitomo
4606/R Japan national report
4607/R Ireland national report
4608/R Slovenia national report
4609/R Switzerland national report
4610/R Hungary national report
4611/m boscalid –method –J. Fries
4612/R boscalid - full scale study - BASF
4613/m indoxacarb–method –S. Hansen
4614/R indoxacarb- full scale study -DuPont
4615/R Romania national report
4616/R Germany national report

4617/m haloxyfop-P-methyl – method – D. Heim
 4618/R haloxyfop- P-methyl - full scale study –Dow AgroSciences
 4619/m *N*-nitroso pendimethalin–method –A. Pastorio
 4620/R *N*-nitroso pendimethalin- Peer validation-Finchimica
 4621/R Review of CIPAC Methods – M.D. Müller
 4622/R CIPAC Guideline for analytical methods for the determination of relevant impurities referred to in FAO and/or WHO specifications for pesticide technical grade active ingredients and formulations

 4623/R Peer review of MT methods – R. Hänel
 4624/R Validation of the method for retention index of LN coated with alpha-cypermethrin – J. Fries
 4625/m cyprodinil– method –M. Rodler
 4626/R cyprodinil- full scale study –Syngenta
 4627/m mefenpyr-diethyl– method –U. Döller
 4628/R mefenpyr-diethyl- full scale study –Bayer CS
 4629/R A physical test method for assessment of wash resistance of LNs-M. D. Müller
 4630/m fipronil-method- R. Förster
 4631/R Extension of fipronil method 581 to WG, SC, GR and FS formulations BASF/Bayer
 4632/R Italy national report
 4633/R Thailand national report
 4634/R Argentina national report
 4635/R Spain national report
 4636/R Denmark national report
 4637/R Belgium national report
 4638/R Austria national report
 4639/R Czech Republic national report
 4640/R Pesticide product containers - hazardous or non-hazardous waste Jim Garvey
 4641/R Relation between CIPAC performance parameters and FAO tolerance limits L. Benke
 4642/R China national report
 4643/R Finland national report
 4644/R Greece national report
 4645/R Panama national report
 4646/R Portugal national report
 4647/R El Salvador national report
 4648/R Slovakia national report
 4649/R South Africa national report
 4650/R Ukraine national report
 4651/P Summary of the decisions of the 52nd meeting, Braunschweig, Germany, 2008
 4652/P Minutes of the 52nd meeting, Braunschweig, Germany, 2008
 4653/P Agenda of the 53rd meeting, El Salvador, 2009
 4654/P Secretary's report 2008-2009
 4655/R Slovenia national report
 4656/R Switzerland national report
 4657/R Japan national report
 4658/m clothianidin - method – Y. Asada
 4659/R clothianidin - full scale trial- Sumitomo
 4660/m fenitrothion- peer validation on the analytical method of tetramethyl pyrophosphorothioate (TMPP) in fenitrothion technical and formulations – Y. Asada
 4661/R fenitrothion - peer validation report- Sumitomo
 4662/R Hungary national report
 4663/R Austria national report
 4664/m lambda cyhalothrin –method extension to LN – M. Rodler
 4665/R lambda cyhalothrin –in-house study- Syngenta

4666/R Publication of CIPAC Methods - view of a user – J. Zindel
 4667/m 1-MCP impurities – GLC method- D. Verona
 4668/R 1-MCP impurities- peer validation-AgroFresh
 4669/m 1-MCP– GLC method- D. Verona
 4670/R 1-MCP collaborative trial- AgroFresh
 4671/m dimoxystrobin –method –J. Fries
 4672/R dimoxystrobin –small scale study- DAPA/BASF
 4673/m deltamethrin –extension of the scope to LN –M. Zellweger
 4674/R deltamethrin –extension of the scope validation –Vestergaard Frandsen
 4675/m PBO–extension of the scope to LN –M. Zellweger
 4676/R PBO -extension of the scope validation –Vestergaard Frandsen
 4677/m metalaxyl-M - method –J. Garvey
